COVID-19 Modified protocol for Home Inspections

In response to the public health situation related to the coronavirus (COVID-19), please be advised that as March 21st 2020, Housecheck Professional Inspection Services has adopted the following modified inspections' procedures.

To protect the safety of clients, families as well as realtors and myself/staff, Housecheck can perform inspections under the following conditions and precautions:

- Permission to inspect must be given by the owners prior to the inspection and any household with occupants exhibiting any of the following symptoms; fever, cough, shortness of breath or with recent travel history must notify me prior to the inspection.
- Houses must be vacant during the inspections with possible exceptions for the owner (one person maximum) to remain. This must be arranged/approved by Housecheck prior to the inspection.
- Realtors and owners will continue providing access to houses,
- Purchasers/realtors will no longer be allowed to be present during the inspections,
- Inspection reports will be sent via email within 24 hours.

While on-site, I will take the following precautions to help maintain a sanitary environment in clients homes.

- Wash hands before/after touching things like faucets, door knobs and switches,
- Bring paper towels to dry hands,
- Use disinfectant wipes (if available) or best equivalent on faucets and door handles,
- Wear gloves and avoid touching surfaces as much as possible.

Please do not hesitate to contact me if you require further information. Thank you for your patience and understanding during this time.

Sincerely,

Didier (Dee) Bourgois, RHI
